MISSION DRIVEN.
TECH POWERED.

At the intersection of innovation and your mission, ECS drives critical outcomes with frontier technology solutions tailored for the public sector, defense and intel, and commercial industries. Our teams leverage deep expertise in data and AI, cybersecurity, and digital transformation to unlock new efficiencies and modernize your organization.

UNLOCK EXPERTISE ACROSS OUR CORE CAPABILITIES

We help you execute complex and unique missions that affect the lives and interests of Americans.

Capability	Select Customer Highlights
ECS DATA & AI	**NGA Maven Program** ECS has deployed hundreds of AI models globally as the **Prime AI Interoperability Innovator** (AI3) for the most visible AI program in the DoD.
ECS CYBER	**Army Endpoint Security System (AESS)** ECS provides cyber defense, advanced persistent threat detection, and real-time visibility of more than **750,000 endpoints** across the Army's global enterprise.
ECS DIGITAL TRANSFORMATION	**Major National Laboratory** ECS provides **comprehensive enterprise and mission IT** to a national security, multi-mission focused laboratory, bringing technology innovation and improving customer satisfaction.
ECS CLOUD	**DoD Secure Unclassified Network (SUNet)** ECS manages DoD's SUNet, providing **secure, multi-cloud AI/ML development and mission partner environments** (MPEs) for collaboration, joint C2 and sensitive information management.
ECS APP SERVICES	**Department of Justice (DoJ)** ECS is the developer behind DoJ's **Combined DNA Indexing System (CODIS),** the world's largest forensic DNA repository, facilitating secure collaboration for **200+ labs and 90 global agencies**.

LEVERAGE THE POWER OF PARTNERSHIPS
