

# ELASTIC INTELLIGENCE. ECS EXPERTISE.

Elastic Solutions Delivered by the  
Largest Provider Outside Elastic

ECS is not your average certified Elastic provider.

- We're winners of the Elastic Excellence, Professional Services Partner of the Year, and Certified Professional of the Year awards.
- ECS specialists regularly innovate on Elastic to build new capabilities such as cross-cluster search and data mesh.
- We design and manage Elastic environments for the Army and Cybersecurity and Infrastructure Security Agency.

In fact, ECS manages the largest Elastic environment in the world. Let us design and manage yours.

**Elite Level Global  
Elastic Partner**

**Elastic Excellence Award**  
Business Transformation, Security

Managing the largest Elastic  
environment in the World.

Over 100 Elastic  
certifications, with expertise  
in engineering, observability,  
and network analysis.

The most Elastic-certified  
engineers outside of  
Elastic themselves.

# Leverage Elastic to its fullest capabilities with the help of ECS

As a global Elite Elastic partner with over 100 certified Elastic engineers, we can offer you flexible Elastic pricing and a simplified procurement process. From implementation of your Elastic platform to managed outcomes, you can trust our ECS experts to deliver a full suite of Elastic professional and managed services to enable you to achieve your goals.

## Innovate, Scale, Optimize, and Perform

### Quick Time to Value

ECS has a bench of Elastic certified engineers to onboard you quickly and provide you with immediate monitoring and response capabilities, as well as resources inside your environment in as few as 1-2 weeks.

### Tailored to Your Unique Use Case

Have a unique use case?  
ECS will create custom solutions to enable absolute visibility into your attack surface.

### Flexible Payment Solutions

Looking for a partner to support your business as you scale? ECS provides flexible billing terms to Elastic customers to support their growing business needs.

### 24/7/365 Security

As a #1 MSSP, ECS leverages the Elastic Security stack to hunt, protect and defend your business from evolving threats.

ECS helps commercial enterprises, from Fortune 500 companies to regulated industries, strengthen their cybersecurity, modernize their IT, and unlock the power of their data. Partnering with Elastic, we enable businesses to improve performance, reduce costs, and stay ahead of evolving threats.
